**Department of Health Services
Children's Medical Services Network
(CMS Net) - Information Bulletin # 39**

.....

The May Change Cycle was completed on Saturday, 5/31/03. Following is a list of changes that were implemented to the CMS Net system:

1. Correction to the zip code load program so that zip codes with multiple city associations display all allowable cities for selection.
2. Patient ID - Correction to program error EN1+4^NPTIDNM when searching with the social security number.
3. Help text has been added to the Change Access Code CMSLS-20 screen.
4. MTP updates - Replace IEP field with new field called "Special Ed" which includes selectable values of IEP, IFSP or None. If IEP or IFSP is selected, then the new "Effective Date" field is required.
5. Business Objects (reporting software) users - Add insurance and medical eligibility data for use in report writing. Note: The insurance and medical eligibility data will be available for use later in the week. Please look for an updated message when ready.
6. CMS Net Provider Inquiry Project - Pilot project allows selected hospitals to view the status of requests for service. The pilot project includes Sutter and UC Davis.
